Some offenses are violations of Federal law rather than State or Local law. As such, Federal violations generally will not appear in either a County or a State criminal check.

Records of Federal Crimes can be located in U.S. District Courts; each State has at least one such court, while others are divided into as many as four districts. CDS Federal Criminal Record searches access all available U.S. District Court information to report on Federal Criminal histories of any given individual. Turnaround time is 24 to 72 hours.

Types of violations which may arise through a Federal Criminal Record search may include, but are not limited to:

-

Drug Trafficking

-

Kidnapping

-

Interstate Transportation of Stolen Goods
